

### Plan for extended orbit normal operations

<u>Fuel (kg)</u>	<u>Maneuver</u>
16.9	Fall 2001 - full flip to orbit normal
14.1	Spring 2002 - half flip to ecliptic normal
7.1	Fall 2002 - half flip to orbit normal
4.3	Spring 2003 - full flip to orbit normal
1.5	Fall 2003 - half flip to ecliptic normal
Remain at ecliptic normal, maintenance ops	

### Original baseline operations:

<u>Fuel (kg)</u>	<u>Maneuver</u>
16.9	Fall 2001 - full flip to orbit normal
9.9	Spring 2002 - full flip to orbit normal
2.9	Fall 2002 - full flip to ecliptic normal
Remain at ecliptic normal, maintenance ops
