

Sun-Earth Connection Science Infrastructure

Sun

Heliosphere

Solar Wind Input

Dayside Magnetosphere

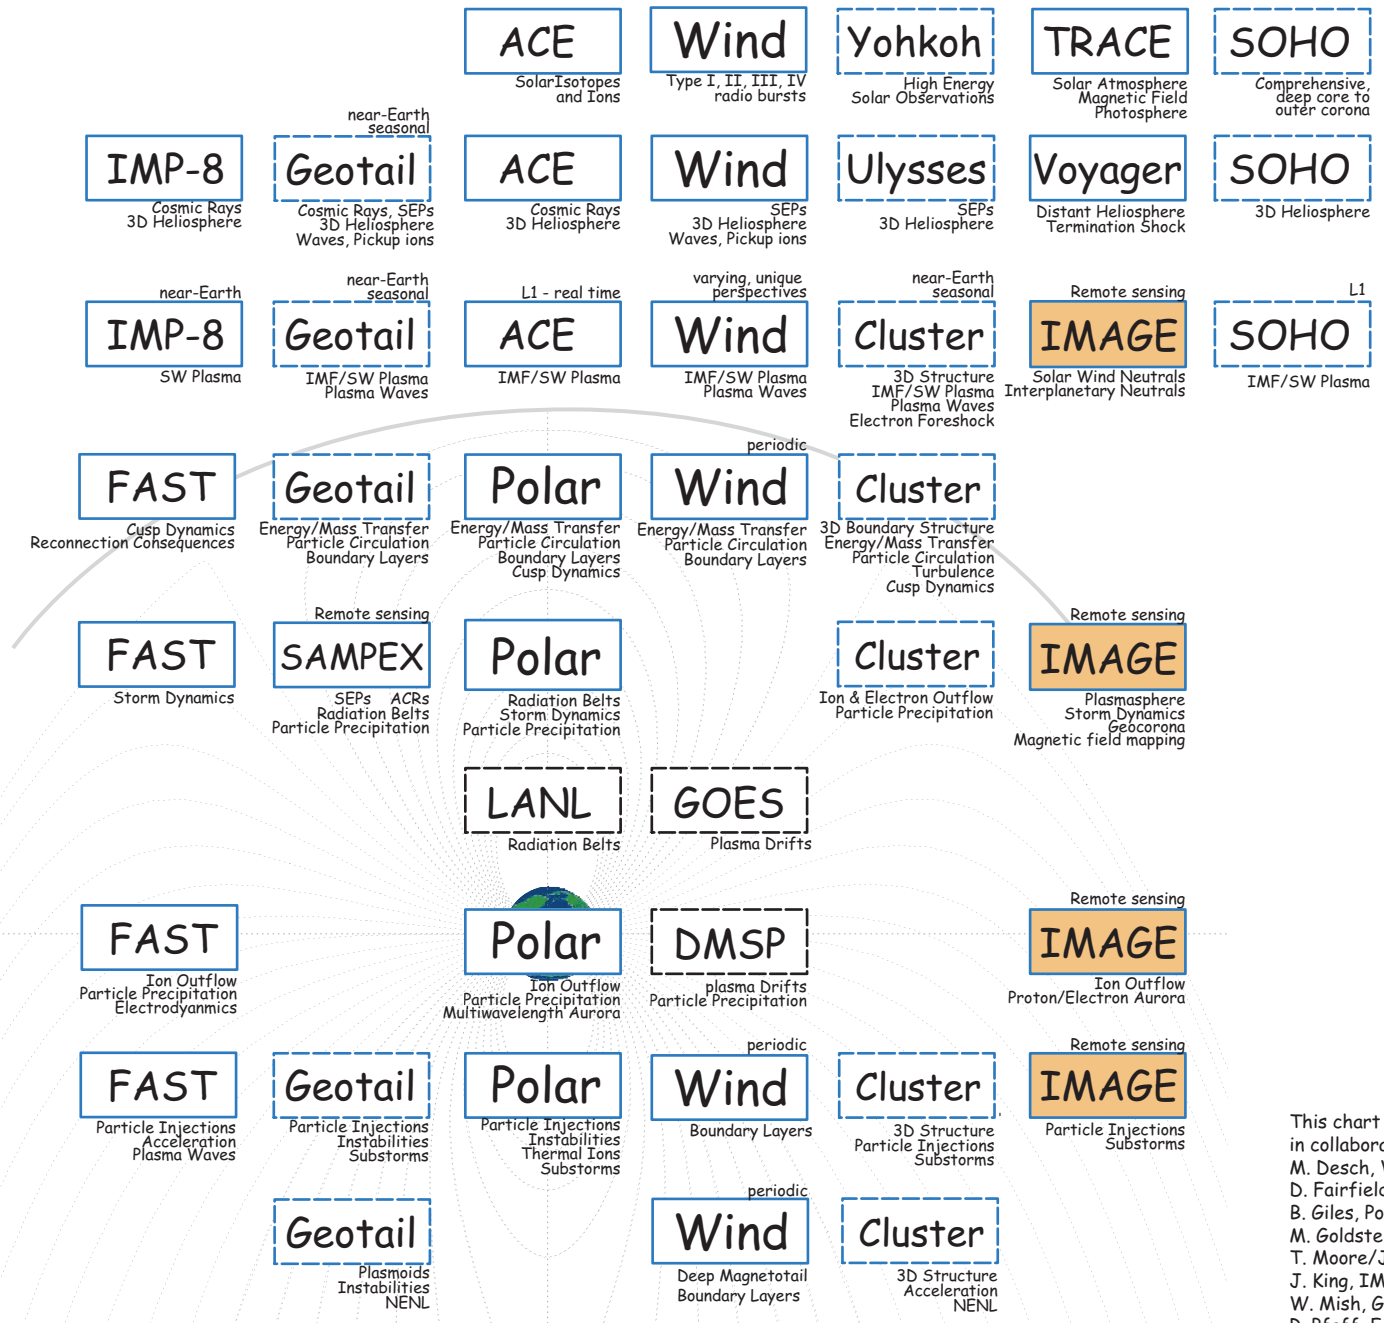

Inner Magnetosphere

Geosynchronous

Ionosphere

Nightside Magnetosphere

Magnetotail

Contemporary and future Sun-Earth System Science is enabled by a synergistic suite of space missions of which IMAGE is an essential component.

This chart developed in collaboration with:
 M. Desch, Wind
 D. Fairfield, Geotail
 B. Giles, Polar
 M. Goldstein, Cluster
 T. Moore/J. Green, IMAGE
 J. King, IMP-8
 W. Mish, Ground system
 R. Pfaff, FAST
 T. von Roseninge, ACE.
