

# Hoffman Symposium

NASA GSFC Visitor Center  
January 17, 2003

## Agenda

- 1:30 Opening Remarks - J. Slavin
- 1:35 Choosing Physics as a Career in the 1950's - J. Hoffman
- 1:50 Magnetospheric Science at the Dawn of the Space Age – R. Arnoldy
- 2:05 Explorer 45 – Part I: The Small Science Satellite Project – N. Maynard
- 2:20 Explorer 45 – Part II: The Small Science Satellite Project – T. Fritz
- 2:35 Explorer 45 – Part III: Energetic Particles Science Results - M. Ejiri
- 2:50 Origins of the Ring Current and the Diffuse Aurora – M. Schulz
- 3:05 Break
- 3:15 The Orbiting Geophysical Observatories and the Atmosphere Explorers:  
SW-M-I Coupling is Born - J. Burch
- 3:30 The Dynamics Explorer Mission – A. Nagy
- 3:45 The Polar Mission – T. Moore
- 4:00 Auroral Imaging from Dynamics Explorer and Polar – J. Sigwarth
- 4:15 Auroral Electrodynamics – J. Gjerloev
- 4:30 Auroral Science - M. Prakash
- 4:45 LWS Geospace – N. Fox
- 5:00 Closing Remarks – R. Hoffman
